

# 2024/25 FEES AND CHARGES

### Discretion

The Chief Executive is authorised to reduce deposits or fees in cases of reduced staff input being required, or in special circumstances. Where Council charges are based on the recovery of Council costs, these will be calculated as follows:

Officers:At Council charge – out labour ratesExpenses:At the actual costs incurred by CouncilVehicle mileage:At current IRD rates or where variation is identified

#### Miscellaneous Fees

Other consents, certificates, authorities, services or inspections not specially provided to be charged at the cost of time and disbursements.

Credit Card Fee: Payments made by credit card will incur a surcharge fee of 2%, with a minimum service fee of \$1.00 per transaction.

The non – statute fees below are those approved by Council as at 27 February 2024, but have not been advertised in terms of the Local Government Act 2002 or individual specific Acts.

#### All fees and charges are GST inclusive

## URBAN WATER, SEWAGE AND STORMWATER

Any new service connection to the urban water supply or sewer network, made part way through the rating year, will be invoiced a part year water or sewer charge (as specified in the Rating Information) for the months remaining in that year from the time of connection. Thereafter it will be charged at an annual targeted rate, on the property rates. For those water service connections regarded as "Extraordinary Supply" with a flow meter, please see section "Extra Ordinary Water Supply"

Part year supply of water, sewage and stormwater based on annual targeted rate	Part year portion of targeted rates
Network Application Fees	
Application for Connections, Alterations, Disconnections – per valuation number, lot or dwelling, for a primary application for one (1) three water service (i.e. Urban water, or sewer, or storm water).	\$ 275.00
Application for Connections, Alterations, Disconnections – connected to a primary application for a single valuation number, lot or dwelling , for each additional three water service required (i.e. Urban water, or sewer, or storm water).	\$ 140.00
Additional works over and above a standard Application	Actual Cost
Hydraulic Modelling — per connection (as required)	\$ 600.00 plus difference to cover actual costs

## All fees and charges are GST inclusive
