1. Introduction

1.1 Purpose and Principles of Delegations

The purpose of the delegations in this Delegations Policy (**Policy**) is to provide a clear framework and hierarchy to identify, confirm, and record all existing and required delegations of authority relating to Waimate District Council (**Council**).

1.2 Scope

This Policy will define:

- The role of elected members, including judicial special purpose committees and sub-committees;
- The role of Chief Executive;
- The role of senior Council management;
- The role of other Council staff;
- The role of community members or groups agreeing to accept a delegated role from Council;
- Financial delegations;
- Liability and indemnity in relation to the exercise of delegated authority; and
- Powers and voting rights of persons assigned or agreeing to a delegated authority.

The scope of this Policy does not extend to partnerships with private sector organisations nor to any roles that Council may assume in relation to advancing community outcomes together with its influencing agencies and organisations, (unless set out by agreement between all parties in a Memorandum of Understanding (MOU)).

1.3 Responsibility

Responsibility to observe this Policy lies with all elected members and staff and to all members of the community agreeing to accept a delegated authority from Council, and to any community organisation receiving delegations as part of a **MOU** with Council.

1.4 Amendments to this Policy

This Policy is to be maintained by Council's policy analyst who will amend the Policy in accordance with:

- Any instruction to that effect given by Council and any delegate authorised to amend this Policy; or
- Any need for typographical, grammatical or other minor amendment where the intention of Council in the matter of a delegation is not altered.

1.5 Background

The enactment of the Local Government Act 2002 (**LGA**) has had implications for the way in which all territorial local authorities in New Zealand operate their methods of delegating authority. The key sections of the LGA in relation to delegations are:

Section 41 – Governing bodies

...

- (2) A territorial authority must have a governing body consisting of members and a mayor elected in accordance with the Local Electoral Act 2001.
- (3) A governing body of a local authority is responsible and democratically accountable for the decision-making of the local authority.

...

Section 41A – Role and powers of mayors

- (1) The role of a mayor is to provide leadership to—

- (a) the other members of the territorial authority; and
 - (b) the people in the district of the territorial authority.
- (2) Without limiting subsection (1), it is the role of a mayor to lead the development of the territorial authority's plans (including the long-term plan and the annual plan), policies, and budgets for consideration by the members of the territorial authority.
- (3) For the purposes of subsections (1) and (2), a mayor has the following powers:
- (a) to appoint the deputy mayor:
 - (b) to establish committees of the territorial authority:
 - (c) to appoint the chairperson of each committee established under paragraph (b), and, for that purpose, a mayor –
 - (i) may make the appointment before the other members of the committee are determined; and
 - (ii) may appoint himself or herself.
- (4) However, nothing in subsection (3) limits or prevents a territorial authority from—
- (a) removing, in accordance with clause 18 of Schedule 7, a deputy mayor appointed by the mayor under subsection (3)(a); or
 - (b) discharging or reconstituting, in accordance with clause 30 of Schedule 7, a committee established by the mayor under subsection (3)(b); or
 - (c) appointing, in accordance with clause 30 of Schedule 7, 1 or more committees in addition to any established by the mayor under subsection (3)(b); or
 - (d) discharging, in accordance with clause 31 of Schedule 7, a chairperson appointed by the mayor under subsection (3)(c).
- (5) A mayor is a member of each committee of a territorial authority.
- (6) To avoid doubt, a mayor must not delegate any of his or her powers under subsection (3).
- (7) To avoid doubt,—
- (a) clause 17(1) of Schedule 7 does not apply to the election of a deputy mayor of a territorial authority unless the mayor of the territorial authority declines to exercise the power in subsection (3)(a):
 - (b) clauses 25 and 26(3) of Schedule 7 do not apply to the appointment of the chairperson of a committee of a territorial authority established under subsection (3)(b) unless the mayor of the territorial authority declines to exercise the power in subsection (3)(c) in respect of that committee.

Section 42 – Chief Executive

- (1) A local authority must, in accordance with clauses 33 and 34 of schedule 7, appoint a chief executive.
- (2) A chief executive appointed under subsection (1) is responsible to his or her local authority for –
- (a) implementing the decisions of the local authority; and
 - (b) providing advice to members of the local authority and to its community boards, if any; and
 - (c) ensuring that all responsibilities, duties, and powers delegated to him or her or to any person employed by the local authority, or imposed or conferred by an Act, regulation, or bylaw, are properly performed or exercised; and

- (d) ensuring the effective and efficient management of the activities of the local authority; and
 - (d)(a) facilitating and fostering representative and substantial elector participation in elections and polls held under the Local Electoral Act 2001; and
- (e) maintaining systems to enable effective planning and accurate reporting of the financial and service performance of the local authority; and
- (f) providing leadership for the staff of the local authority; and
- (g) employing, on behalf of the local authority, the staff of the local authority (in accordance with any remuneration and employment policy); and
- (h) negotiating the terms of employment of the staff of the local authority (in accordance with any remuneration and employment policy).

...

- (3) A chief executive appointed under subsection (1) is responsible to his or her local authority for ensuring, so far as is practicable, that the management structure of the local authority –
 - (a) reflects and reinforces the separation of regulatory responsibilities and decision-making processes from other responsibilities and decision-making processes; and
 - (b) is capable of delivering adequate advice to the local authority to facilitate the explicit resolution of conflicting objectives.
- (4) For the purposes of any other Act, a chief executive appointed under this section is the principal administrative officer of the local authority.

Schedule 7 Clause 32 – Delegations

- (1) Unless expressly provided otherwise in this Act, or in any other Act, for the purposes of efficiency and effectiveness in the conduct of a local authority’s business, a local authority may delegate to a committee or other subordinate decision-making body, community board, or member or officer of the local authority any of its responsibilities, duties or powers except –
 - (a) the power to make a rate; or
 - (b) the power to make a bylaw; or
 - (c) the power to borrow money, or purchase or dispose of assets, other than in accordance with the long-term plan; or
 - (d) the power to adopt a long-term plan, annual plan, or annual report; or
 - (e) the power to appoint a chief executive; or
 - (f) the power to adopt policies required to be adopted and consulted on under this Act in association with the long-term plan or developed for the purpose of the local governance statement; or
 - (g) *[Repealed]*
 - (h) the power to adopt a remuneration and employment policy.
- (2) Nothing in this clause restricts the power of a local authority to delegate to a committee or other subordinate decision-making body, community board, or member or officer of the local authority the power to do anything precedent to the exercise by the local authority (after consultation with the committee or body or person) of any power or duty specified in sub-clause (1).
- (3) A committee or other subordinate decision-making body, community board, or member or officer of the local authority may delegate any of its responsibilities, duties, or powers to a subcommittee or

person, subject to any conditions, limitations, or prohibitions imposed by the local authority or by the committee or body or person that makes the delegation.

- (4) A committee, subcommittee, other subordinate decision-making body, community board, or member or officer of the local authority to which or to whom any responsibilities, powers, or duties are delegated may, without confirmation by the local authority or committee or body or person that made the delegation, exercise or perform them in the like manner and with the same effect as the local authority could itself have exercised or performed them.
- (5) A local authority may delegate to any other local authority, organisation, or person the enforcement, inspection, licensing, and administration related to bylaws and other regulatory matters.
- (6) A territorial authority must consider whether or not to delegate to a community board if the delegation would enable the community board to best achieve its role.
- (7) To avoid doubt, no delegation relieves the local authority, member, or officer of the liability or legal responsibility to perform or ensure performance of any function or duty.
- (8) The delegation powers in this clause are in addition to any power of delegation a local authority has under any other enactment.

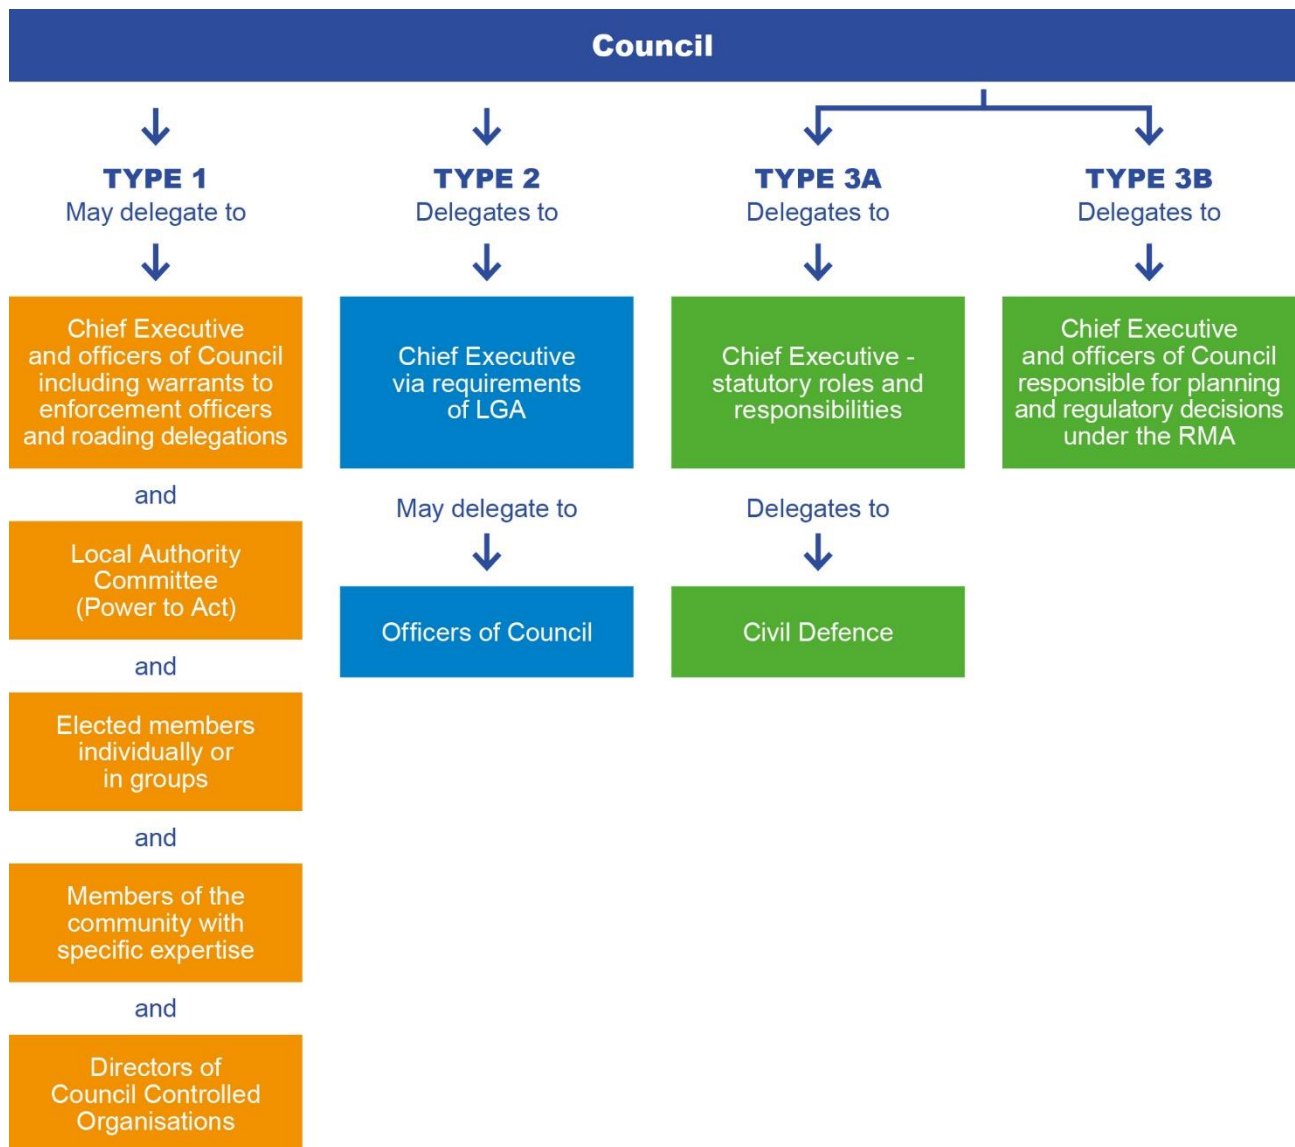

Note: All amounts stated in this policy are GST exclusive.

| Arno Soldiers Memorial Hall Committee | Waihaorunga Hall Committee |
| Glenavy Community Hall Trust Committee | Hunter Public Hall Committee |
| Southburn Amenities Society Inc. Committee | Studholme Hall Committee |

| Willowbridge Hall Committee | Waituna Hall Committee |
| Makikihi Hall Committee | Otaio Community Hall Committee |
| Lyalldale Hall Committee | Bluecliffs Hall Committee |
| Maungati Community Hall Committee | Morven Hall Committee |

Preamble

Traditionally Council's relationship with some rural hall committees has been simply that Council arranges and pays their insurance premium and then invoices the hall committee. Upon request from the hall community, Council will conduct the invoicing of a hall rate to the households in the hall community and return these funds to the committee, for the up-keep and management of the hall.

In addition to these arrangements, three of the above rural hall or reserve committees (St Andrews, Glenavy and Morven Reserve) receive additional services from Council. These halls/reserves provide Council with approved invoices, and Council pays these invoices from funds held on the hall/reserve's behalf.

Rural Water Scheme Committees

| | |
|----------------------|--------------|
| Cannington-Motukaika | Lower Waihao |
| Otaio-Makikihi | Waihaorunga |
| Waikakahi | Hook-Waituna |

Preamble

The rural water scheme committees are sub-committees of Council. The committees are made up of elected members of Council and elected local people for the management for each of the rural water schemes (Lower Waihao is not currently constituted due to the lack of persons standing for election). Council's rural water scheme members obtain financial, technical and legal information from Council, and make recommendations to Council for the management of the schemes, including water rates and charges for each scheme.

Schedule 1D Delegations in Respect of Roothing

Council delegate powers to roading officers to make day to day decisions on their behalf:

- Authority to perform temporary closure of public roads is delegated to Council's Roothing Manager, and in his absence, Council's Asset Group Manager. These may be effected for events, by empowering legislation "Land Transport Act 1998" or for the purposes by more broadly empowering legislation contained at section 342 of the Local Government Act 1974;
- Where an unplanned or emergency road closure is necessary, authority to perform this is delegated to Council's Roothing Manager, or in his absence, Council's Roothing Officers. These officers must report back to Asset Group Manager; and
- Whilst recognising that it is generally undesirable to delegate any power of Council to a third party, it is recognised that in an emergency situation, it may be desirable for Council's Roothing Contractor to have the delegated authority to make unplanned road closures, in order to protect life or property. In all such circumstances where Council's Roothing Contractor makes a road closure, they are required to notify Council's Roothing Manager or Roothing Officer immediately.

Placement of give way and stop signs may be made by Council's Roothing Manager.

Designation of a section of Road as "no stopping" may be made by Council's Roothing Manager.

Council's Roothing Manager and Council's Roothing Officers are appointed to the position of the Road Corridor Manager.

Removal of abandoned motor vehicles:

- Council's Roothing Manager and Council's Roothing Officer are delegated the authority to exercise the powers of Council contained in section 356 of the Local Government Act 1974, relating to the removal of abandoned motor vehicles, or under the Transport Act, to take possession of and remove from any road to a place of safety, any motor vehicle that appears to be abandoned.

Private activities on public roads:

- Council's Roothing Manager is delegated the authority to approve or reject the following private activities on public roads upon written application by a member of the public:
 - Location of temporary buildings on road reserves;
 - Permits to lay conduit pipes along, over or under streets;

4. Schedules for Type 2 Delegations

Schedule 2A Council Staff, Financial Authority to expend or commit Council to expenditure

The guiding document for approval of financial transactions and the acceptance of contractual arrangements on behalf of Council is the Long-Term Plan (LTP). The LTP contains our community's desired outcomes, translated into strategic objectives and devolved into annualised budgets looking ten years ahead. The budgets within the LTP are subject to community approval by the submission and community consultation process.

Where an item of expenditure is being considered that does not fall within the programme of work shown within Council's LTP, then that item of expenditure must be evaluated in terms of Council Policy 301, Significance and Engagement Policy.

Council's delegations of financial authority are based on a recognition of the over-arching authority created by the annual process whereby Council's elected members approve a budget to be in place for a 12 month period commencing 1 July each calendar year.

Expenditure within Budget

Where an item of expenditure falls within the budget approved by Council's elected members, and is equal to or below the delegated level assigned to a Council Manager (refer table of "List of Delegations to Departmental Staff" below), that item of expenditure may be approved by Council's manager for the department relevant to that expenditure.

Where an item of expenditure falls within the budget approved by Council's elected members and is greater than the delegated level assigned to a Council Manager (refer table of "List of Delegations to Departmental Staff" below), approval must be given by Council's Chief Executive.

Where an item of expenditure falls within the budget approval by Council's elected members, and is **\$750,000 or greater**, approval must be given by ordinary resolution of Council's elected members.

Budget Over-Runs

Where a manager of Council becomes aware that actual expenditure within an activity will exceed its approved budget, the manager is required to advise Council's Chief Executive, as soon as is practicable.

Unbudgeted Expenditure¹

Unbudgeted expenditure is that which is of a nature that falls outside of Council's approved budget. Where any manager wishes to make unbudgeted expenditure this must be approved by the Chief Executive before the expenditure is committed. The Chief Executive will report the total (and detail) of unbudgeted expenditure to an ordinary meeting of Council, following each financial year quarter.

Council's Managers may delegate authority for financial approvals to staff roles within their departments

In order to facilitate the practical day to day running of Council's operations, Council's managers may delegate (subject to their own expenditure limit) financial authority to named staff roles to incur and approve expenditure on behalf of Council, within their departments approved budget.

Approval Process for Invoices and Contracts

- The approval process is intended to align the scale of the expenditure with the seniority of the approving officer.
- In approving an invoice/contract, the Council officer is signifying that:
 - The expenditure falls within Council's programme of work shown in Annual Budget, (or if outside LTP has been approved by Council following subjection to the Significance and Engagement Policy, and public consultation if required)
 - The expenditure falls within the officer's delegated approval limit.
 - The expenditure is in accordance with the relevant purchase order issued by Council where appropriate.
 - The invoice is a bona fide invoice.
 - The quality of the goods or service is acceptable.
 - The price charged on the invoice is as quoted or acceptable.
 - The accounting coding applied to the invoice is correct.

¹ For the Chief Executive's emergency financial delegation in terms of unbudgeted expenditure, specifically in relation to response to the COVID-19 emergency, see Appendix I.

- In some circumstances it may be appropriate for a manager to approve an invoice for payment that will be allocated to a number of departments across Council, provided it is a regular (i.e. monthly, annual etc.) expense that is usual in nature and expected. Examples include motor vehicle registrations and electricity charges. The manager approving this type of invoice must continue to adhere to the conditions of their delegation as with any invoice approval.

Authorisation Process for Invoices

Authorisation is essentially a financial or management audit function, whereby the authorising officer (usually the Accountant, Accounting Assistant, Corporate Services Assistant, or an additional bank signatory) provides a second layer of assurance that the approving officer has acted within their personal approval limit, and provides a second opinion on the correctness of the accounting coding.

Council Officer Designated as Bank Signatories and to Authorise Payment

- Bank, transfer, and invest funds held by the Council in accordance with Council policy, subject to the observance of appropriate internal controls;
- Sign and countersign bills of exchange, promissory notes and other negotiable instruments, withdrawal notices or authorise electronic payments on behalf of Council;
- Approve all tax payments and tax related matters.
 - Chief Executive
 - Corporate Services Group Manager
 - Accountant
 - Community & Strategy Group Manager

Up to \$750,000 may be transacted jointly by any two officers of Council designated above as authorising officers. Transfers in excess of \$750,000 must be authorised by the Chief Executive.

- Approve payroll payments and all payroll related matters;
 - Human Resources Manager
 - Human Resources Advisor
 - Accountant

Raising, authorisation and posting of general ledger journals

Every general ledger journal must be subject to a two-step process, where it is firstly raised by an officer of Council with the appropriate delegation.

A second and separate officer of Council with the appropriate delegation must then:

- (a) Check that the journal is correct in nature and that appropriate supporting documentation is on file; and
- (b) Check that the posting of the journal to the general ledger has been performed correctly and evidence this by signing the journal document in the “authorised” area.

Such applications are likely to be for minor applications (such as limited notified applications that involve neighbour conflicts) or where Council has a potential conflict of interest.
